## **DETAILED ACTION**

### ***Double Patenting***

1. Claims 30-33, 34, 40, 41, 43, 52, 60-64 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 20, and 51-19 of copending Application No. 09/878,886. Although the conflicting claims are not identical, they are not patentably distinct from each other because the limitations of the claims in the present invention, listed above, substantially overlap the limitations of the claims in the pending allowed application.

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

### ***Allowable Subject Matter***

2. Claims 35-39, 42., 44-55, 57-59 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Claim Rejections - 35 USC § 112***

3. Claim 56 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 56 is unclear as to what additional structure is intended.
